ROYAL ARCANAUM.

Thames council, No. 1851, with its regent, James J. Casey, presiding, held its stated meeting on Wednesday evening in Foresters' hall, occupying the time with a drill for its degree team which is expected to have some work to do at the next meeting. This will be in two weeks, and is the one designated by the state plan for group initiations. If any of the councils included in the local group, which are Norwich and Thames of Norwich, New London, Stonington, Putnam and Wilimantic, have candidates, they will bring them to this meeting for initiation by the Thames council men. The whole rate is divided into seven groups in this way. Neither of the Norwich councils has a candidate and they have not heard yet whether any of the others will bring a man for initiation. Connecticut Arcanians are feeling proud of the state's record for the past month in keeping down losses through withdrawals and suspensions. Its losses were only sixty-seven hundredths of one per cent, which leads all the other councils of the order.

REBEKAHS.

The next meeting of Thames Past Noble Grands association is to be on March 22 with Oropsey lodge of New London, for which a programme of special interest is promised. A team of the past noble Grands is to be made up to exemplify the degree. Hope lodge, No. 31, of this city, is to select its delegates to attend a body to meet on Monday evening at its meeting next Wednesday evening and at the meeting following that will have several candidates for initiation.

UNITED WORKMEN.

Norwich lodge, No. 12, at its meeting in Germania hall on Wednesday evening had for a visitor Grand Medical Examiner George W. Wheeler of New Haven, who addressed the lodge in a pleasing way, referring specially to the high recommendation recently given to the Workmen by the insurance commissioner, when he said that theirs was practically the only fraternal order that could be considered a strong rival of the old line companies. Master Workman Fred A. Haglund presided at the meeting, at which one application was received and one was acted upon. The lodge is anticipating a fine past year, which will have several candidates for initiation.

SONS OF HERMANN.

Immergruen lodge, No. 12, will have a big day on Sunday afternoon and evening when it celebrates its 19th anniversary with a programme in Germania hall. Members of the order from different parts of the state are expected, as invitations were sent to all the sister lodges. There will also be some of the grand officers and a programme that combines music, addresses and a banquet has been arranged.

ODD FELLOWS.

Shetucket lodge, No. 27, is expecting work in the first degree at its meeting next Tuesday evening, so that the brothers held a rehearsal this week at their regular meeting in Odd Fellows' hall. Palmyra campment, No. 3, C. P. Frank M. Green presiding held its regular meeting in Odd Fellows' hall on Thursday evening. One application was received.

SONS OF VETERANS.

The regular meeting of Sedgwick camp, No. 4, was held on Monday evening at the Buckingham Memorial, being called to order by Commander Alvin O. Fairbanks. The session was one of much interest, as two members were initiated and there are prospects for more at the next meeting.

PATRONS OF HUSBANDRY.

Norwich grange, No. 174, met Wednesday evening in Pythian hall, the well attended meeting being conducted by Worthy Master Andrew B. Davies and the minutes read by Secretary Mrs. John E. Fanning. In the business of the evening one application was received and was favorably acted upon. The grange will soon have enough candidates for a class initiation.

A talk by Dr. G. A. Howland on Tuberculosis was on the programme for the lecture's hour, but the doctor was not able to attend because of having one of his most valuable cows sick. In his place Allen Latham gave a talk on the subject, which was greatly appreciated. There was also a well rendered recitation by Miss Bishop of Bozrah.

KNIGHTS OF COLUMBUS.

White Cross council, No. 13, has arranged to attend the 730 mass Sunday morning in a body at St. Patrick's church to receive Holy Communion. They have been directed to meet at 7:15 in the basement of the church, from which they will proceed in a body to the seats reserved for them in the center of the church.

By a court just promulgated in New York, the Daughters of Isabella, which is auxiliary to the K. of C. and has headquarters in this state, has secured a decision forbidding the New York Daughters of Isabella the use of that name. The New York society has appealed the case to the supreme court.

L'UNION ST. JEAN BAPTISTE D'Amrique.

The regular meeting of Lafayette council, No. 307, held Thursday evening in Foresters' hall, was one of the best attended in some time, and for special business had the installation of P. St. Onas president to take the place of A. C. Racine, who had found it necessary to resign. Past President Dr. G. A. Comeau, who had been delegated to the work, performed the installation in fine form.

The new president and Adelard Morin were heard with pleasure in a brief remarks and the evening was spent with an informal social programme during which cake and coffee were served. The council is planning for a whilst after Easter Sunday and also has good prospects of holding a class initiation soon as they have four or five applications on hand with expectation of more to come.

ORDER OF PROTECTION.

As the grand lodge year of the New England Order of Protection closes with this month, all the Connecticut lodges are hustling to get in all the members they can, and two of the local lodges will have class initiations next week. Thames lodge, No. 326, on Tuesday evening in Foresters' hall is expecting a class of ten to a dozen to be worked by its degree team. Some of the grand lodge officers will attend, and the two other lodges in this city, Norwich, No. 248, and Slater, No. 595, have sent word that they will be represented by delegations. Slater lodge, No. 595, has a class of five members.

Culver, having a baked bean supper after they had met in the afternoon, and playing whist in the evening. There were seven tables playing, and the prize was won by Mrs. Culver. First Mrs. Mary Worthington, a glass salad dish, 43; Louis Manchester, a shawing cup, 42; Nellie Blinn, a glass vase, 41; dish, 37; Rufus D. Harris, a necktie, 37. WOMAN'S RELIEF CORPS.

The regular meeting of Sedgwick corps, No. 16, was held on Friday attended by a large number of members. At the meeting on Friday it was decided to hold a supper, which will be a "green" one, on Wednesday evening, March 16, at 7:30 o'clock. The supper for Sedgwick post is to be given, having been postponed from this week because of Colonel McCord's funeral.

EASTERN STAR.

At the Buckingham Memorial Wednesday evening the regular meeting of Sachem chapter, No. 57, was well attended. Worthy Matron Annie L. Rawson presiding. There was the usual routine business. Fidelity chapter of New London sent an invitation to attend its meeting on March 13, next Friday, which will be the anniversary of its institution. The invitation was accepted. It is probable that the Sachem chapter members will go down by train that evening and return by trolley.

KNIGHTS OF PYTHIAS.

A visit from Grand Chancellor Commander Jacobs of New Haven, Grand Keeper of Records and Seal for the Eastern Star, and District Deputy Thomas H. Troland of New London made a specially interesting meeting on Friday evening. No. 48, in Eagles' hall on Friday evening. The attendance of fifty of the sir knights included members of Washington lodge, No. 6, of this city, and a delegation of eight from Trumbull lodge of New London, both having had a very successful meeting. C. C. Sumner W. Armstrong of Gardner lodge called the meeting to order, and after prayer by Rev. Joseph P. Cobb, a member of Arcadia lodge of Somerville, Mass., the usual order of business was transacted.

When this was over all took seats at the banquet tables, where a fine clam chowder was served and the direction of the committee, Alfred Hunt, Thomas H. Buckley and Sumner W. Armstrong. The latter was toastmaster after the feast, and entertaining and instructive remarks were heard from the visiting grand officers, Grand Mr. Cobb, Past Grand Chancellor Commander Stanton of New London, Winder E. Reed of New London, C. C. Samuel Taylor of Wauregan lodge and Charles W. Spaulding, a charter member of Wauregan lodge. The New London members returned home by the 10:45 trolley, complimenting Gardner lodge on the successfully arranged evening.

Wauregan lodge, No. 46, has arranged to celebrate its fortieth anniversary on March 22 with an open meeting in Pythian hall at which the grand officers are expected and to which Wauregan lodge and Trumbull lodge, K. of P., and the Pythian Sisters of both Norwich and New London are to be invited.

This severe castigation was hurled by Judge Foster today at Charles F. Wolfe was given a term of not less than two years and three months or not more than four years and seven months.

Thousands of gallons of the L. & M. Paint are produced in one operation by machinery. Only chemically pure color is used. The actual cost of L. & M. is only about \$1.30 per gallon when the job is finished. Will you depend upon this product, or a paint made by costly hand labor in a pot with a stick, producing a few gallons at a time, and at that very likely made with common earthy pigments?

CABLE RIGHT OF WAY.

Litchfield County Case to Go to Supreme Court.

The important question of the right of the New York, New Haven and Hartford Railroad Co. to keep indefinitely the cables of the New Milford Power company upon the Cole farm at Washington, will be further tried out by a coming appeal of the railroad company to the supreme court from the decision of Judge G. W. Wheeler of the superior court. Judge Wheeler decided to grant an injunction against Heien A. Russell, the purchaser of the Cole farm, but refused to grant an injunction beyond the life of Cole, the former owner. As Cole is a man somewhat advanced in years, his death might compel the removal of the cables from the farm.

In his decision Judge Wheeler holds that Mrs. Russell, owing to the failure to record Mrs. Cole's name to the placing of the cables upon the farm, was not legally notified, but inasmuch as Cole, by marriage and fatherhood of children, acquired, in addition to joint tenancy, a life interest in the farm, the injunction must run until he dies.

The long and somewhat expensive suit involving rights of the Truist Co. Cole farm, which, if invalidated, would cause great expense for a new route for the cables operating by the failure to record local Mrs. Russell's name to the transit of the cables over her farm.

CONNECTICUT ALIENISTS.

Next Meeting to Be Held This Month in Hartford.

The next meeting of the Connecticut society of Alienists will be held at the Hotel Garde in Hartford some time the latter part of this month. In all probability there will be some new members taken into the society at this meeting, as it is understood that application will be made by a number of prominent alienists about the state. However, according to a well-known member, it is quality and not quantity the society wants. It was organized for the purpose of promoting a scientific research of the best methods for the cure of nervous and mental disorders, and it is the aim of the society to have every member work in this direction, with a view of elevating the conditions of those so afflicted in Connecticut.

Aiding in the work are the heads of the largest public and private institutions of the state combined with many of the leading alienists of the east.
